

Continuing Medical Education

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Baylor College of Medicine and The University of Texas Health Science Center at Houston. Baylor College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 4.00 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The presentation, *Women and Disparities in Cardiovascular Disease Prevention*, has been designated by Baylor College of Medicine for 0.50 hour of education in medical ethics and/or professional responsibility.

Continuing Nursing Education

Cizik School of Nursing at UTHealth is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. This activity provides 4.00 contact hours of nursing continuing education (CNE).

Participating Institutions

American Heart Association
McGovern Medical School at UTHealth
Cizik School of Nursing at UTHealth
Baylor College of Medicine
Memorial Hermann Hospital – Texas Medical Center

Policy on Disclosure

It is the policy of McGovern Medical School that all individuals who are in a position to control the content of the CME activity (activity director, planning committee members, and faculty) disclose relevant financial relationship with commercial interests. Detailed disclosure will be made in the syllabus of the course material.

Special Assistance

In compliance with the Americans and Disabilities Act, the McGovern Medical School will make all reasonable efforts to accommodate persons with disabilities at this meeting.

Program

Innovative Science from Cardiovascular Disease Prevention, Clinical Application – 2022

Virtual – WebEx Meeting

Date: February 5, 2022

8:00-8:30 am	<i>Innovative Science in Molecular Pathology and Biomarkers in the Prevention and Reduction of Cardiovascular Disease</i> Dr. L. Maximilian Buja
8:30-9:00 am	<i>CRISPR and Cardiovascular Disease Prevention</i> Dr. Gang Bao
9:00-9:30 am	<i>Women and Disparities in Cardiovascular Disease Prevention</i> Dr. Olasimbo Chiadika
9:30--9:45 am	<i>Panel Discussion</i>
9:45-10:05 am	<i>Student Abstract and Poster Presentation:</i> Cade Johnson, MSII Matthew Antonioli, MSIV Anh Pham, MSIV Jun Yun, MSIV
10:05-10:10 am	<i>Break</i>
10:10-10:40 am	<i>How to Manage Obesity and Clinical Application</i> Carole Mackavey
10:40-11:10 am	<i>Hypertension Trials and Best Therapy in 2022</i> Dr. Randa Hazam and Natasha Cigarroa
11:10-11:40 am	<i>Cardiovascular Disease Prevention in Patients with Pre-diabetes and Diabetes</i> Dr. Aguilar
11:40-12:00 pm	<i>Panel discussion</i>
12:00 pm	<i>Adjourn</i>

Method of Instruction

The methods of instruction for this conference includes lectures, slides, panel discussions, poster presentation, internet long distance learning, and question and answer sessions. A course evaluation will be given to each participant.

Speakers

Program Director:

Francisco Fuentes, MD
Professor, Cardiovascular Medicine
McGovern Medical School at UTHealth

Speakers:

L. Maximilian Buja, MD
Professor of Pathology and Laboratory Medicine
McGovern Medical School at UTHealth
Distinguished Teaching Professor, The University of Texas System

Gang Bao, MSc, PhD

Department Chair & Foyt Family Professor
Of Bioengineering
Professor of Chemistry and Materials Science & NanoEngineering
CPRIT Scholar in Cancer Research
Rice University

Olasimbo M. Chiadika, MD, MPH, FACC

Associate Professor, Cardiovascular Medicine
McGovern Medical School at UTHealth

Carole Mackavey, DNP, MSN, RN, FNP-C

Coordinator – MSN Program
Coordinator – Nursing Education Track
Assistant Professor
Department of Graduate Studies
Cizik School of Nursing at UTHealth

Randa Hazam, MD

Fellow, Innovations in Cardiovascular Disease Fellowship
McGovern Medical School at UTHealth

Natasha Cigarroa, MSIV

Student
McGovern Medical School at UTHealth

David Aguilar, MD, FAHA, MSc

Professor of Medicine
Division of Cardiovascular Medicine
University of Kentucky

Preventive Cardiology Forum XXXII

Saturday, February 5, 2022

This virtual conference is free to all attendees

The registration link for addition to the brochure is: <https://cpd.education.bcm.edu/content/preventive-cardiology-forum-xxxii>

Deadline for Registration:
February 3, 2023

*** Please register early to guarantee your reservation.**

**Online registration will close at midnight
February 3, 2022.**

PREVENTIVE CARDIOLOGY FORUM XXXII

Innovative Science from Cardiovascular Disease
Prevention, Clinical Application – 2022

In collaboration with
McGovern Medical School at UTHealth
Baylor College of Medicine
and
The American Heart Association

Saturday, February 5, 2022
8:00 a.m. – 12:00 p.m.
Virtual Symposium
McGovern Medical School
Houston, Texas 77030

General Information

Saturday, February 5, 2022

8:00 a.m. – 12:00 p.m.

Virtual Symposium

McGovern Medical School

Houston, Texas 77030

PROGRAM DIRECTOR

Francisco Fuentes, MD

PLANNING COMMITTEE

Francisco Fuentes, MD

L. Maximilian Buja, MD

David Aguilar, MD

Vaunette Fay, RN, Ph.D.

Rhonda Leaverton, RN, BSN, CCRP

Randa Hazam, MD

William Severson

Cory Welch

Kathy Sallier

Tina Dellahoussaye

Target Audience

Physicians, nurses, dietitians, caregivers, and other healthcare professionals with an interest in cardiovascular disease prevention.

Needs Assessment

Cardiovascular disease is the leading cause of mortality and morbidity in the world. The prevention of cardiovascular risk factors is taking an enormous toll due to the Covid-19 pandemic. Health care providers may not be implementing all the current strategies and new information, on cardiovascular disease prevention, in the fields of hypertension, obesity and diabetes. There are social determinant and cardiovascular risks in the United States that may have future consequences within our diverse population. There is a need to provide physician, nurses, and other health professional with a comprehensive update on clinical application of cardiovascular prevention strategies.

Learning Objectives

The Preventive Cardiology Forum XXXII goal is to enhance competencies in Cardiovascular Disease Prevention and provide the participants with the core skills necessary to:

- ♥ Identify appropriate scientific strategies for the prevention of cardiovascular disease;
- ♥ Demonstrate the value of molecular and pathological biomarkers in the reduction and prevention of cardiovascular disease;
- ♥ Recognize the clinical significance and management of obesity and hypertension;
- ♥ Review scientific advances and the value of cardiovascular disease prevention;
- ♥ Identify and practice strategies for the treatment of hypertension, obesity, and diabetes.
